Budget Message

We are pleased to provide you with the recommended Fiscal Year 2016-2017 Annual Budget for the Village of Biscayne Park. This budget is a financial plan that is based on an organizational mission that looks to sustain a vibrant Village through fiscally responsible government and the provision to provide the residents of the Village of Biscayne Park with the highest quality municipal services and infrastructure.

This proposed budget was developed with an analysis of both past and present financial conditions. This year, Biscayne Park saw an increase of 10.54% percent in taxable values over the past year.

The recommended Fiscal Year 2016-2017 Budget is balanced and sufficient to meet this year's operating goals. After a detailed and critical review of all departments and services by the Interim Village Manager, in conjunction with Department Heads, we are confident that efficiencies are being maximized. The initial draft budget was then reviewed with the Village Commission over a series of three budget workshops, where after careful review and discussion and resident input, adjustments were made.

The proposed budget or the General Fund totals $2,728,860, representing a 5.57% increase from the prior year's budget, and providing a contingency amount of $28,741. The consolidated budget for all Funds for the Village of Biscayne Park totals $3,462,843. Based on the completed audit as of September 30, 2014, the balance in reserves (unassigned fund balance) was $555,943.00.

The budget cycle this year comes at a time of transition for our Village Administration, and through it all, the Village Staff has risen to the occasion and have met the challenges. We have and will continue to improve processes for delivering services and to provide superior quality customer service to our residents.

Sincerely,

Village of Biscayne Park
Administration & Staff

Ad Valorem Taxes
$1,715,875
$1,630,082 (95% collection rate)

The July 1, 2015 Estimated Certified Taxable Value of the Village increased from $160,028,969 to $176,894,419, or approximately 10.54%. The proposed Millage Rate for 2016-17 is 9.700 which is the same as the previous year. It will generate $1,715,875 of Ad Valorem revenue budgeted at a 95% collection rate ($1,630,082).

A mil of tax is the rate of tax equal to $1.00 for each $1,000 of assessed property value. Below is a breakdown of the millage rates for all taxing agencies for the years 2010 through 2015.
