BP Commission 0916.docx

VILLAGE OF BISCAYNE PARK

September 16, 2016

RECEIVED

SEP 16 2016

Maria Camara, Interim Village Manager
640 NE 114th St.
Village of Biscayne Park, FL 33161

Ref: Village Commission Election 2016

Dear Maria,

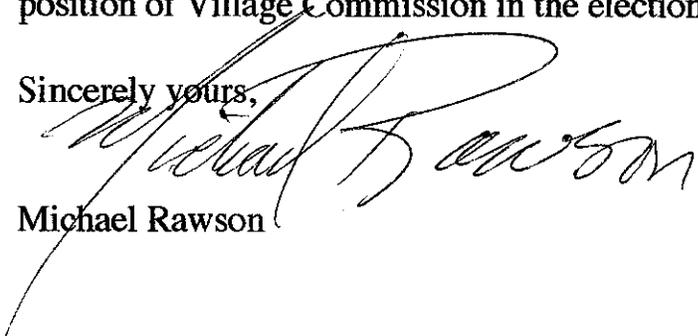

After considerable discussion with my family, I have come to the conclusion that our projected travel schedules for the next several years would seriously interfere with my ability to perform the duties of Village Commissioner in a manner that would reflect the confidence of the village community were I to be elected to this office.

The role of the Village Commission is an essential component in the overall management of the assets and associated budgetary needs that reflect the wishes of the Village Community. Although the position does not require a full time daily attendance, it certainly requires that the candidate be available on a regular basis to consider the decisions that must be made to allocate specific funds to needs deemed most appropriate to the village population.

I apologize to you and the community for this late decision that was reached with much thought being given to the most useful way in which our abilities could be best utilized for the good of the Community. We agreed that protracted absences would not be in the best interests of the residents of Biscayne Park.

I thus respectfully request that my name be removed from the ballot for the position of Village Commission in the election of November 8, 2016.

Sincerely yours,

Michael Rawson
