Section 2: Project Overview

General Project Information

Project Title: RI - LAPTOP PROJECT - BISCAYNE PARK
Subgrant Recipient: Village of Biscayne Park
Implementing Agency: Biscayne Park Police Department
Project Start Date: 10/1/2014 **End Date:** 9/30/2015

Problem Identification

The Village of Biscayne Park Police Department has recently grown in size and is unable to fully equip its police personnel with the necessary means to conduct in the field investigations. Due to the lack of resources allotted, officers are unable to perform such activities as: identifying subjects, running a subject or vehicle through various databases, independently investigate issues on the computer away from the station, or log into the report data base. Due to limited amount of funds in our general budget, we have not been able to equip every officer with laptops to perform these functions. These three (3) additional laptops (MDC) will be crucial for our daily function as an agency. We will also be adding three (3) tower computers for our station to assist the officers in writing reports and completing records checks in a more timely manner. These towers will also protect us against computer crashes and deletion of pertinent information due to the lack of memory and slower processor speed.

Project Summary (Scope of Work)

The Village of Biscayne Park Police Department will utilize the FY2015 Byrne Grant funds to purchase approximately three (3) laptop computers for officers in the patrol division. The equipment will allow officers the ability to log onto government websites while in the field and conduct investigations as opposed to having to return to the station to search for information and crime data. This will provide for efficient reporting by staff and facilitate the mainstreaming of shared data department-wide. This process will in turn result in quicker response time in both identifying and locating criminal suspects, and effecting arrests in the field utilizing the NCIC/FCIC data systems. We will also be purchasing three (3) tower computers for our station due to our current computers are antiquated. One (1) will be used for our CJIS/FDLE computer. Another will be used by the officers for report management/writing systems and case log. The third will be used for our police clerk who does daily transmittals and is tasked with record-keeping and issuance of reports/public requests.

This project request federal grant funding for a law enforcement or criminal justice technology related project and may be subject to review and approval by the State Information Technolog (IT) Point of Contact. By utilizing funds for this project, the subrecipient and implementing agency agree to conform to all state and national standars for technology and information sharing systems that connect to and/or interface with state and national systems, and/or reside on the State Criminal Justice Network (CJNet). These standards include, but are not limited to, the FBI CJIS Security policy and any rules, regulations or guidance enacted by the Criminal and Juvenile Justice Information System (CJIS) Council under F.S. 943.06.

Our current procurement process with a purchase over \$2499 but less than \$4999 has to be approved by the village manager. On purchases over \$2500, as is the case for this grant, we get three (3) quotes and can choose any one, not necessarily the lowest as per our procurement policy. We do not require bids unless the purchase is over \$10,000 which will not be the case in this grant.

Re: Contract No. 2015-JAGC-DADE-30-R3-238

Dear Mayor Coviello:

The Florida Department of Law Enforcement is pleased to award an Edward Byrne Memorial Justice Assistance Grant to your unit of government in the amount of \$ 2,513.00 for the project entitled, RI - LAPTOP PROJECT - BISCAYNE PARK. These funds shall be utilized for the purpose of reducing crime and improving public safety. A copy of the approved subgrant application with the referenced contract number is enclosed for your file. All correspondence with the Department should always refer to the project number and title.

As you may be aware, information from subgrants and performance reports are currently provided to the Department of Justice under the Performance Measurement Tool (PMT) and Federal Funding Accountability and Transparency Act (FFATA) to meet current federal transparency requirements. Contract and grant information is also provided to the State of Florida Department of Financial Services via the Florida Accountability Contract Tracking System (FACTS). This grant contract and all subsequent correlating information including general contract, performance, amendment/modification information and a copy of the grant document is provided to FACTS to meet requirements under Chapter 2013-54 and 2013-154 Laws of Florida for transparency in government spending. If this grant agreement contains confidential or exempt information not subject to disclosure under public records law, Chapter 119, F.S., (such as disclosure of equipment for certain undercover operations that may result in sensitive information on grant documents) please contact the Office of Criminal Justice Grants for information on requesting exemption from public records disclosure.

Please complete and return the enclosed Certification of Acceptance to the Office of Criminal Justice Grants within 30 calendar days from the date of award. This certificate constitutes official acceptance of the award and must be received by the Department prior to reimbursement of any project expenditures.

Some costs require prior written approval from OCJG and/or the Department of Justice before beginning project activities including: a sole source procurement in excess of \$150,000; compensation for consultant services for rates in excess of \$650/day (\$81.25 per hour); publication plans; and purchase of automated data processing (ADP) equipment and software. A written request for approval is required if they are applicable to your project. You may also see a correlating special condition on your grant award in the Subgrant Information Management ON-Line (SIMON) system.

We look forward to working with you on this project. Please contact Planning Manager Annamarie Whatley at (850) 617-1250 if you have any questions or we can be of further assistance.

Sincerely,

Petrina Tuttle Herring
Bureau Chief
