

The Police Department is pleased to announce the completion and submission of the 2017 midyear Uniform Crime Report. The Florida Department of Law Enforcement will be presenting the statistics on their website following the receipt of all reporting parties. The charts provided are from FDLE directly and are oriented in their format. It should be noted that the highlighted section denotes both increased and decreased percentages, however areas which rise from "0" to an integer are not represented with a highlighted section.

I would like to clarify a few areas of note:

Larceny is a broad category that covers various methods of theft as well as amounts. For instance, Vehicle Burglaries, in which a vehicle is entered whether unlocked or not and nothing is taken, is categorized here.

Motor Vehicle Thefts increased from the previous year, however they have slowed due to several arrests in multiple jurisdictions. All vehicles taken during the time frame have been recovered. The dollar amount reflected in recovery being higher than that of taken is due to the diligent work of our officers locating and arresting individuals in stolen vehicles that were taken from outside our jurisdiction.

Burglaries saw a decrease in the reported timeframe as well as an increase in clearances (crimes resolved due to arrests).

Domestic Violence instances are categorized separately; however, they extend into other areas of crimes reported. Property crimes are not presented in Domestic Violence, however a Robbery, Burglary, or Larceny which is presented in these charts can and are reflected in the total number of offenses.

I am pleased to report that our newly formed Detective Bureau is working tirelessly to bring the individuals responsible for these crimes to justice and have shown a drastic increase in productivity from the previous year.
