

Halloween Event and Trick or Treat Canceled

The Village of Biscayne Park regrets to inform all residents and neighbors that the annual Halloween funhouse and event at the Ed Burke Recreation Center has been canceled due to COVID-19. The Village will not endorse any gatherings and is strongly encouraging that no door to door trick or treating take place within the village. All persons not following the recommendations of the village are subject to all stipulations of the outstanding Miami-Dade County Emergency Order restrictions. Please stay safe and healthy.

While COVID may have forced the cancellation of our annual village “spooktacular” and traditional trick-or-treating, this October Biscayne Park will hold its first-annual Halloween decorating contest! Please help brighten neighborhood spirits by decorating your home & yard for Halloween and nominating your neighbors (or yourself) for these new awards. The village will be announcing those awards in the coming days. Stay tuned for all the spooky details!
