RE: Village Update

Mayor and Commissioners:

Following is an update of items underway this week in the Village.

- **Hurricane Irma Recovery:**

Debris removal is nearly complete. We have had some problems with landscapers dumping on the medians and will continue to discourage that. The shredder finally arrived and shredding/hauling the debris should begin tomorrow. The debris piles on 114th Street and next to Village Hall will be mulched and hauled for disposal.

NO DEBRIS IS ALLOWED IN MEDIANS GOING FORWARD. PLEASE REPORT ANY LANDSCAPERS OR OTHERS DUMPING OR DEPOSITING TRASH/DEBRIS TO THE VILLAGE.

Our thanks to all of the residents for working with us during this time of recovery and enduring the noise and dust created by this debris. Please be extraordinarily cautious around these debris piles with anything that could generate a spark.

Please note that we have returned to our regular 2 cubic yards debris limits which can only be put out after 9:00AM on Sunday for Monday collection.

- **Comprehensive Annual Financial Report (CAFR):** A contract was delivered to the new auditing firm Albarni Caballero & Fierman LLP. We continue to communicate with and have relayed projected timelines to the State and look forward to starting the 2016 CAFR immediately when the new Audit firm is in place. As soon as the 2016 CAFR is complete, work will begin on the 2017 CAFR.
- **CODE:** Code Officer Pinero has been preparing for the October 23rd Code Board meeting as well as assisting with debris clean up. A new, part-time Code Officer began today, joining our full-time Code Officer.

- **FINANCE:** FMIT, FRS and CITT audits are underway. All invoices and payroll are up to date.
- **PUBLIC WORKS:** Public Works staff continue to work throughout the Village this week doing their routine maintenance and repairing hurricane damage. In addition, one employee has been directing traffic for Grubbs as they collect debris piles. Repairs to medians began last week and will continue as the remaining hurricane debris is removed.
