*Re: Village of Biscayne Park
Transit Circulator System*

■
Suite 109
5200 NW 33rd Avenue
Fort Lauderdale, Florida
33309

Kimley-Horn and Associates, Inc. ("the Consultant") is pleased to submit this letter agreement (the "Agreement") to the Village of Biscayne Park (the "Client") for consulting services.

The Village is interested in developing a transit circulator to serve the needs of its residents, including access to retail centers, entertainment facilities, schools, and parks, and to improve connections to the regional transit system. As the first step, the Village wants to conduct a public workshop to obtain community input. Our scope of services and fee are below.

SCOPE OF SERVICES

Task 1 – Public Involvement

One (1) workshop will be conducted to obtain the community input for the study. This workshop will be held on a weekend. Village staff will organize the workshop by announcing the venue, date, and time. The Consultant will facilitate the meeting and prepare pertinent display material and PowerPoint presentation.

The Consultant will also prepare a survey questionnaire. This survey will be used as an additional mechanism to obtain community input. The Village will distribute the questionnaire to all the households and receive completed forms.

The results of the workshop and survey will help to develop an understanding of community's interest, desired destinations, times and days the transit service should operate, and whether or not to charge a fare. A GIS map will be prepared depicting potential destinations identified by the residents. The Consultant will summarize the community's input in a technical memorandum and submit to Village staff.

STANDARD PROVISIONS

(1) **Consultant's Scope of Services and Additional Services.** The Consultant's undertaking to perform professional services extends only to the services specifically described in this Agreement. However, if requested by the Client and agreed to by the Consultant, the Consultant will perform additional services ("Additional Services"), and such Additional Services shall be governed by these provisions. Unless otherwise agreed to in writing, the Client shall pay the Consultant for the performance of any Additional Services an amount based upon the Consultant's then-current hourly rates plus an amount to cover certain direct expenses including in-house duplicating, local mileage, telephone calls, postage, and word processing. Other direct expenses will be billed at 1.15 times cost. Technical use of computers for design, analysis, GIS, and graphics, etc., will be billed at \$25.00 per hour.

(2) **Client's Responsibilities.** In addition to other responsibilities described herein or imposed by law, the Client shall:

- (a) Designate in writing a person to act as its representative with respect to this Agreement, such person having complete authority to transmit instructions, receive information, and make or interpret the Client's decisions.
- (b) Provide all information and criteria as to the Client's requirements, objectives, and expectations for the project including all numerical criteria that are to be met and all standards of development, design, or construction.
- (c) Provide to the Consultant all previous studies, plans, or other documents pertaining to the project and all new data reasonably necessary in the Consultant's opinion, such as site survey and engineering data, environmental impact assessments or statements, zoning or other land use regulations, etc., upon all of which the Consultant may rely.
- (d) Arrange for access to the site and other private or public property as required for the Consultant to provide its services.
- (e) Review all documents or oral reports presented by the Consultant and render in writing decisions pertaining thereto within a reasonable time so as not to delay the services of the Consultant.
- (f) Furnish approvals and permits from governmental authorities having jurisdiction over the project and approvals and consents from other parties as may be necessary for completion of the Consultant's services.
- (g) Cause to be provided such independent accounting, legal, insurance, cost estimating and overall feasibility services as the Client may require or the Consultant may reasonably request in furtherance of the project development.
- (h) Give prompt written notice to the Consultant whenever the Client becomes aware of any development that affects the scope and timing of the Consultant's services or any defect or noncompliance in any aspect of the project.
- (i) Bear all costs incident to the responsibilities of the Client.

(3) **Period of Services.** Unless otherwise stated herein, the Consultant will begin work timely after receipt of an executed copy of this Agreement and will complete the services in a reasonable time. This Agreement is made in anticipation of conditions permitting continuous and orderly progress through completion of the services. Times for performance shall be extended as necessary for delays or suspensions due to circumstances that the Consultant does not control. If such delay or suspension extends for more than six months (cumulatively), Consultant's compensation shall be renegotiated.

(4) **Method of Payment.** Compensation shall be paid to the Consultant in accordance with the following provisions:

- (a) Invoices will be submitted periodically, via regular mail or email, for services performed and expenses incurred. Payment of each invoice will be due within 25 days of receipt. The Client shall also pay any applicable sales tax. All retainers will be held by the Consultant for the duration of the project and applied against the final invoice. Interest will be added to accounts not paid within 25 days at the maximum rate allowed by law. If the Client fails to make any payment due the Consultant under this or any other agreement within 30 days after the Consultant's transmittal of its invoice, the Consultant may, after giving notice to the Client, suspend services until all amounts due are paid in full.
- (b) If the Client objects to an invoice, it must advise the Consultant in writing giving its reasons within 14 days of receipt of the invoice or the Client's objections will be waived, and the invoice shall conclusively be deemed due and owing.
- (c) The Client agrees that the payment to the Consultant is not subject to any contingency or condition. The Consultant may negotiate payment of any check tendered by the Client, even if the words "in full satisfaction" or words intended to have similar effect appear on the check without such negotiation being an accord and satisfaction of any disputed debt and without prejudicing any right of the Consultant to collect additional amounts from the Client.

(5) **Use of Documents.** All documents, including but not limited to drawings, specifications, reports, and data or programs stored electronically, prepared by the Consultant are related exclusively to the services described in this Agreement, and may be used only if the Client has satisfied all of its obligations under this Agreement. They are not intended or represented to be suitable for use, partial use or reuse by the Client or others on extensions of this project or on any other project. Any modifications made by the Client to any of the Consultant's documents, or any use, partial use or reuse of the documents without written authorization or adaptation by the Consultant will be at the Client's sole risk and without liability to the Consultant, and the Client shall indemnify, defend and hold the Consultant harmless from all claims, damages, losses and expenses, including but not limited to attorneys' fees, resulting therefrom. Any authorization or adaptation will entitle the

Consultant to further compensation at rates to be agreed upon by the Client and the Consultant. Any electronic files not containing an electronic seal are provided only for the convenience of the Client, and use of them is at the Client's sole risk.

In the case of any defects in the electronic files or any discrepancies between them and the hardcopy of the documents prepared by the Consultant, the hardcopy shall govern. Only printed copies of documents conveyed by the Consultant may be relied upon. Because data stored in electronic media format can deteriorate or be modified without the Consultant's authorization, the Client has 60 days to perform acceptance tests, after which it shall be deemed to have accepted the data.

(6) **Opinions of Cost.** Because the Consultant does not control the cost of labor, materials, equipment or services furnished by others, methods of determining prices, or competitive bidding or market conditions, any opinions rendered as to costs, including but not limited to opinions as to the costs of construction and materials, shall be made on the basis of its experience and represent its judgment as an experienced and qualified professional, familiar with the industry. The Consultant cannot and does not guarantee that proposals, bids or actual costs will not vary from its opinions of cost. If the Client wishes greater assurance as to the amount of any cost, it shall employ an independent cost estimator. Consultant's services required to bring costs within any limitation established by the Client will be paid for as Additional Services.

(7) **Termination.** The obligation to provide further services under this Agreement may be terminated by either party upon seven days' written notice in the event of substantial failure by the other party to perform in accordance with the terms hereof through no fault of the terminating party, or upon thirty days' written notice for the convenience of the terminating party. If any change occurs in the ownership of the Client, the Consultant shall have the right to immediately terminate this Agreement. In the event of any termination, the Consultant shall be paid for all services rendered and expenses incurred to the effective date of termination, and other reasonable expenses incurred by the Consultant as a result of such termination. If the Consultant's compensation is a fixed fee, the amount payable for services will be a proportional amount of the total fee based on the ratio of the amount of the services performed, as reasonably determined by the Consultant, to the total amount of services which were to have been performed.

(8) **Insurance.** The Consultant carries Workers' Compensation insurance, professional liability insurance, and general liability insurance. If the Client directs the Consultant to obtain increased insurance coverage, the Consultant will take out such additional insurance, if obtainable, at the Client's expense.

(9) **Standard of Care.** In performing its professional services, the Consultant will use that degree of care and skill ordinarily exercised, under similar circumstances, by reputable members of its profession in the same locality at the time the services are provided. No warranty, express or implied, is made or intended by the Consultant's undertaking herein or its performance of services, and it is agreed that the Consultant is not a fiduciary with respect to the Client.

(10) **LIMITATION OF LIABILITY.** In recognition of the relative risks and benefits of the Project to both the Client and the Consultant, the risks have been allocated such that the Client agrees, to the fullest extent of the law, and notwithstanding any other provisions of this Agreement or the existence of applicable insurance coverage, that the total liability, in the aggregate, of the Consultant and the Consultant's officers, directors, employees, agents, and subconsultants to the Client or to anyone claiming by, through or under the Client, for any and all claims, losses, costs or damages whatsoever arising out of, resulting from or in any way related to the services under this Agreement from any cause or causes, including but not limited to, the negligence, professional errors or omissions, strict liability or breach of contract or any warranty, express or implied, of the Consultant or the Consultant's officers, directors, employees, agents, and subconsultants, shall not exceed twice the total compensation received by the Consultant under this Agreement or \$50,000, whichever is greater. Higher limits of liability may be negotiated for additional fee. Under no circumstances shall the Consultant be liable to the Client or those claiming by or through the Client for lost profits or consequential damages, for extra costs or other consequences due to changed conditions, or for costs related to the failure of contractors to perform work in accordance with the plans and specifications. This Section 10 is intended solely to limit the remedies available to the Client or those claiming by or through the Client, and nothing in this Section 10 shall require the Client to indemnify the Consultant.

(11) **Certifications.** The Consultant shall not be required to execute certifications or third-party reliance letters that are inaccurate, that relate to facts of which the Consultant does not have actual knowledge, or that would cause the Consultant to violate applicable rules of professional responsibility.

(12) **Dispute Resolution.** All claims by the Client arising out of this Agreement or its breach shall be submitted first to mediation in accordance with the Construction Industry Mediation Rules of the American Arbitration Association as a condition precedent to litigation. Any mediation or civil action by Client must be commenced within one year of the accrual of the cause of action asserted but in no event later than allowed by applicable statutes.

(13) **Hazardous Substances and Conditions.**

(a) Services related to determinations involving hazardous substances or conditions, as defined by federal or state law, are limited to those tasks expressly stated in the scope of services. In any event, Consultant shall not be a custodian, transporter, handler, arranger, contractor, or remediator with respect to hazardous substances and conditions. Consultant's services will be limited to professional analysis, recommendations, and reporting, including, when agreed to, plans and specifications for isolation, removal, or remediation.

(b) The Consultant shall notify the Client of hazardous substances or conditions not contemplated in the scope of services of which the Consultant actually becomes aware. Upon such notice by the Consultant, the Consultant may stop affected portions of its services until the hazardous substance or condition is eliminated. The parties shall decide if Consultant is to proceed with its services and if Consultant is to conduct testing and evaluations, and the parties may enter into further agreements as to the additional scope, fee, and terms for such services.

(14) Construction Phase Services.

(a) If the Consultant's services include the preparation of documents to be used for construction and the Consultant is not retained to make periodic site visits, the Client assumes all responsibility for interpretation of the documents and for construction observation, and the Client waives any claims against the Consultant in any way connected thereto.

(b) If the Consultant provides construction phase services, the Consultant shall have no responsibility for any contractor's means, methods, techniques, equipment choice and usage, sequence, schedule, safety programs, or safety practices, nor shall Consultant have any authority or responsibility to stop or direct the work of any contractor. The Consultant's visits will be for the purpose of endeavoring to provide the Client a greater degree of confidence that the completed work of its contractors will generally conform to the construction documents prepared by the Consultant. Consultant neither guarantees the performance of contractors, nor assumes responsibility for any contractor's failure to perform its work in accordance with the contract documents.

(c) The Consultant is not responsible for any duties assigned to the design professional in the construction contract that are not expressly provided for in this Agreement. The Client agrees that each contract with any contractor shall state that the contractor shall be solely responsible for job site safety and for its means and methods; that the contractor shall indemnify the Client and the Consultant for all claims and liability arising out of job site accidents; and that the Client and the Consultant shall be made additional insureds under the contractor's general liability insurance policy.

(15) No Third-Party Beneficiaries; Assignment and Subcontracting. This Agreement gives no rights or benefits to anyone other than the Client and the Consultant, and all duties and responsibilities undertaken pursuant to this Agreement will be for the sole benefit of the Client and the Consultant. The Client shall not assign or transfer any rights under or interest in this Agreement, or any claim arising out of the performance of services by Consultant, without the written consent of the Consultant. The Consultant reserves the right to augment its staff with subconsultants as it deems appropriate due to project logistics, schedules, or market conditions. If the Consultant exercises this right, the Consultant will maintain the agreed-upon billing rates for services identified in the contract, regardless of whether the services are provided by in-house employees, contract employees, or independent subconsultants.

(16) Confidentiality. The Client consents to the use and dissemination by the Consultant of photographs of the project and to the use by the Consultant of facts, data and information obtained by the Consultant in the performance of its services. If, however, any facts, data or information are specifically identified in writing by the Client as confidential, the Consultant shall use reasonable care to maintain the confidentiality of that material.

(17) Miscellaneous Provisions. This Agreement is to be governed by the law of the State of Florida. This Agreement contains the entire and fully integrated agreement between the parties and supersedes all prior and contemporaneous negotiations, representations, agreements or understandings, whether written or oral. Except as provided in Section 1, this Agreement can be supplemented or amended only by a written document executed by both parties. Provided, however, that any conflicting or additional terms on any purchase order issued by the Client shall be void and are hereby expressly rejected by the Consultant. Any provision in this Agreement that is unenforceable shall be ineffective to the extent of such unenforceability without invalidating the remaining provisions. The non-enforcement of any provision by either party shall not constitute a waiver of that provision nor shall it affect the enforceability of that provision or of the remainder of this Agreement.

Under no circumstances shall the Consultant be held liable for damages or be required to perform any services without compensation if the lowest responsive proposal is less than the Estimated Total Construction Cost of the Final Design Plan.

2.4.3 The Consultant shall provide the City with a list of recommended, prospective bidders.

2.4.4 The Consultant shall attend all pre-proposal conferences.

- 2.4.5 The Consultant shall recommend any addenda, through the City's representative, as appropriate to clarify, correct, or change Proposal Documents.
- 2.4.6 If Pre-Qualification of bidders is required as set forth in the Request for Proposal, Consultant shall assist the City, if requested, in developing qualification criteria, review qualifications and recommend acceptance or rejection of the bidders.
- 2.4.7 If requested, Consultant shall evaluate proposals and bidders, and make recommendations regarding any award by the City.
- 2.5 The City shall make decisions on all claims regarding interpretation of the Construction Documents, and on all other matters relating to the execution and progress of the Work after receiving a recommendation from the Consultant. The Consultant shall check and approve samples, schedules, shop drawings and other submissions for conformance with the concept of each Project, and for compliance with the information given by the Construction Documents. The Consultant shall also prepare Change Orders, assemble written guarantees required of the Contractor, and approve progress payments to the Contractor based on each Project Schedule of Values and the percentage of Work completed.
- 2.5.1 The City shall maintain a record of all change orders which shall be categorized according to the various types, causes, etc. that it may be determined are useful and necessary for its purpose. Among those shall be change orders which are identified as architectural/engineering errors or omissions. An error determined to be caused solely by the Consultant and the costs of which would not otherwise have been a necessary expense to the City for the project, shall be considered for purposes of this agreement to be an additional cost to the City which would not be incurred without the error.

If the Consultant is not the Construction Manager for the construction, the City shall notify the Consultant within 3 days of the discovery of any architectural/engineering error or omission so that the Consultant can be part of the negotiations resolving the claim between the City and the Contractor. So long as the total additional cost of construction for all errors caused solely by the Consultant remain less than Five Percent (5%) of the total construction cost of the project, the City shall not look to the Consultant and/or its insurer for reimbursement for additional costs caused by errors and omissions. However, the Consultant shall be required to provide, at no cost to the City, services including redesign if necessary to resolve the error or omission. Should the sum of the additional construction costs for errors in total exceed Five Percent (5%) of the total construction cost, the City shall be entitled to recover the full and total additional cost to the City as a result of Consultant errors and omissions from the Consultant. To obtain such recovery, the

City shall deduct from the Consultant's fee a sufficient amount to recover all such additional cost to the City up to the amount of the Consultant's insurance deductible. Should additional costs incurred by the City exceed the Consultant's insurance deductible, the City shall look to the Consultant and the Consultant's insurer for the remaining amount of additional construction costs incurred by the City. The recovery of additional costs to the City under this paragraph shall not limit or preclude recovery for other separate and/or additional damages which the City may otherwise incur.

- 2.6 The Consultant shall carefully review and examine the Contractor's Schedule of Values, together with any supporting documentation. The purpose of such review and examination will be to protect the City from an unbalanced Schedule of Values which allocates greater value to certain elements of each Project than is indicated by industry standards, supporting documentation, or data. If the Schedule of Values is not found to be appropriate, it shall be returned to the Contractor for revision or supporting documentation. After making such examination, when the Schedule of Values is found to be appropriate, the Consultant shall sign the Schedule of Values indicating informed belief that the Schedule of Values constitutes a reasonable, balanced basis for payment of the Contract price to the Contractor.
- 2.7 The Consultant shall perform on-site construction observation of each Project based on the Construction Documents in accordance with Paragraph 2.12 of this Agreement. The Consultant's observation shall determine the progress and quality of the work, and whether the work is proceeding in accordance with the Construction Documents. The Consultant will provide the City with a written report of each site visit in order to inform the City of the progress of the Work. The Consultant shall endeavor to guard the City against defects and deficiencies in the work of Contractors, and make written recommendation to the City where the Work fails to conform to the Construction Documents. Based on such observation and the Contractor's Application for Payment, the Consultant shall determine the amount due to the Contractor and shall issue Certificates for Payment in such amount. These Certificates will constitute a representation to the City, based on such observations and the data comprising the Application for Payment, that the work has progressed to the point indicated. By issuing a Certificate for Payment, the Consultant will also represent to the City that, to the best of its information and belief, based on what its observations have revealed, the work is in accordance with the Construction Documents. The Consultant shall conduct observations to determine the dates of substantial and final completion and issue a recommendation for final Payment.
- 2.8 The Consultant shall revise the Construction Drawings and submit record or corrected drawings to the City to show those changes made during the construction process, based on the marked up prints, drawings and other data furnished by the Contractor.

- 2.9 The Consultant shall attend regularly scheduled progress meetings on site.
- 2.10 The Consultant shall prepare construction Change Orders for the City's approval. Consultant shall not authorize any changes in the work or time, no matter how minor, without prior written approval of City.
- 2.11 Each project's construction or demolition shall be considered complete upon compilation of a punch list by Consultant, written notification to Contractor by Consultant of all releases of lien and written recommendation by Consultant of final payment to the Contractor, which shall be the sole decision of the City.
- 2.12 Resident Project Services. During the construction progress of any work the Consultant will, if authorized by the City, provide resident project inspection services to be performed by one or more authorized employees ("Resident Project Representative") of the Consultant. Resident project representatives shall provide extensive inspection services at the project site during construction. The Resident Project Representative will endeavor to provide protection for the City against defects and deficiencies in the work of the Contractor(s). Resident project inspection services shall include, but is not limited to, the following:
- Conducting all preconstruction conferences;
 - Conducting all necessary construction progress meetings;

- Development and implementation of a system for the preparation, review, and processing of Change Orders;
- Maintenance of a daily log of each Project;
- Recording the progress of each Project, and submission of written monthly progress reports to the City, including information on the Contractors' Work, and the percentage of completion;
- Determination of substantial and final completion of work and preparation of a list of incomplete or unsatisfactory items and a schedule for their completion;
- Securing and transmitting to the City required guarantees, affidavits, releases, key manuals, record drawings, and maintenance stocks; and
- Providing artwork, models, or renderings as requested by the City.

The Resident Project Representative shall also investigate and report on complaints and unusual occurrences that may affect the responsibility of the Consultant or the City in connection with the Work. The Resident Project Representative shall be a person acceptable to the City, and the City shall have the right to employ personnel to inspect the work in progress, provided, however, that such personnel as are employed by the City and such personnel will be responsible directly to the City in the performance of work that would otherwise be assumed and performed by the Consultant.

- 3.3 **Miscellaneous Architectural Services.** From time to time the City may require assistance from the Consultant for miscellaneous small projects, inspections and attendance at meetings if requested by the City, which are unrelated to any ongoing project for which a Work Authorization has been approved, and to review developers' plans, or on other matters. The Consultant will provide these services only when authorized by the City Manager or his designee. The Consultant shall invoice the City on a monthly basis for such miscellaneous services.

ARTICLE 4

CITY'S RESPONSIBILITIES

- 4.1 The City shall do the following in a timely manner so as not to delay the services of the Consultant:
- 4.1.1 Designate in writing a person to act as the City's representative with respect to the services to be rendered under this Agreement. Such person shall have complete authority to transmit instructions and receive information with respect to the Consultant's services for a particular project.
 - 4.1.2 Provide all criteria and full information as to the City's requirements for the Project, including design objectives and constraints, space, capacity and performance requirements, flexibility and expandability, and any budgetary limitations.
 - 4.1.3 Assist the Consultant by placing at the Consultant's disposal all available information pertinent to the Project including previous reports and any other data relative to design or construction of the Project.
 - 4.1.4 Furnish to the Consultant, if required for performance of the Consultant's services (except where otherwise furnished by the Consultant as Additional Services), the following:
 - 4.1.4.1 Data prepared by, or services of others, including without limitation borings, probings and subsurface explorations, hydrographic surveys, laboratory tests and inspections of samples, materials and equipment;
 - 4.1.4.2 Appropriate professional interpretations of all of the foregoing;

- 4.1.4.3 Environmental assessment and impact statements;
- 4.1.4.4 Property, boundary, easement, right-of-way, topographic and utility surveys;
- 4.1.4.5 Property descriptions;
- 4.1.4.6 Zoning, deed and other land use restrictions;
- 4.1.4.7 Approvals and permits required in the City's jurisdiction and those from outside agencies unless such approvals and permits are the responsibility of the Consultant, all of which the Consultant may use and rely upon in performing services under this Agreement; and
- 4.1.4.8 Arrange for access to and make all provisions for the Consultant to enter upon the City's property as required for the Consultant to perform services under this Agreement.

ARTICLE 5

SEQUENCE OF SERVICES AND TIME FOR PERFORMANCE

- 5.1 This Agreement shall commence upon the execution by both parties and shall continue for an initial period of three (3) years, unless terminated sooner as provided for in this Agreement. The Consultant understands and acknowledges that the Services to be performed during the three (3) year term will be governed by this Agreement, and that there is no guarantee of future work being given to the Consultant.
- 5.2 Parties agree and understand that this Agreement shall be renewable after the expiration of the initial three (3) year period with terms and conditions to be agreed upon by City and Consultant.
- 5.3 Following receipt of any written work authorization the Consultant shall submit to the City, at least five (5) days prior to actually commencing services, a schedule of services and expenses for approval by the City before any services commence. The City reserves the right to make changes to the sequence as necessary to facilitate the services or to minimize any conflict with operations.

Work authorizations will be issued to the Consultant in the order in which the City wishes, and shall be performed and completed in the order they are issued, unless otherwise specifically permitted by the City. Minor adjustments to the timetable for

completion approved by City in advance, in writing, shall not constitute non-performance by Consultant pursuant to this Agreement.

- 5.4 When the City issues work authorizations to the Consultant, each authorization will contain a stated completion schedule. Failure of the Consultant to meet the stated schedule will constitute a default, for which payment for services may be withheld until default is cured. Time extensions will be reviewed, upon request, for extenuating circumstances.

It is anticipated and intended that the Consultant will be authorized to begin new work authorizations on a "rolling" basis, as some already assigned work authorizations near timely completion. If a subsequent work authorization is issued to the Consultant before it has completed the current work authorization, the completion date for each work authorization will remain independent of each other, so that the Consultant will prioritize the uncompleted work authorization from the first work authorization and finish them as soon as practical. Failure to complete these "older" work authorizations in a timely manner may adversely impact upon continued early authorization to start a subsequent work.

- 5.5 When the Consultant has exceeded the stated completion date, including any extension for extenuating circumstances which may have been granted, a written notice of Default will be issued to the Consultant and payment for services rendered shall be withheld.
- 5.6 Should the Consultant exceed the assigned completion time of an individual work authorization, the City reserves the right not to issue to the Consultant any further work authorizations until such time as there is no longer in a Default and the Consultant has demonstrated, to the City's satisfaction, that the reasons for tardy completion have been addressed and are not likely to be repeated in subsequent work authorizations. This restricted issuance provision may result in the Consultant not being issued all of the planned work the City anticipated in this Agreement. The Consultant shall have no right to the balance of any work, nor to any compensation associated with these non-issued work authorizations, due to the Consultant being in Default.
- 5.7 Should the Consultant remain in Default for a time period of fifteen (15) consecutive calendar days, the City may, at its option, retain another Consultant to perform any Work arising out of this Agreement and/or terminate this Agreement.

ARTICLE 6

DELAY IN PERFORMANCE/SUSPENSION OR ABANDONMENT

- 6.1 City shall be entitled to withhold progress payments to Consultant for services rendered until completion of services to the City's satisfaction.

- 6.2 A delay due to an Act of God, fire, lockout, strike or labor dispute, manufacturing delay, riot or civil commotion, act of public enemy or other cause beyond the control of Consultant, or by interruption of or delay in transportation, labor trouble from whatever cause arising and whether or not the demands of the employees involved are reasonable and with City's power to concede, partial or complete suspension of City's operations, compliance with any order or request of any governmental officer, department, agency, or committee shall not subject City to any liability to Consultant. At the City's option, the period specified for performance of services shall be extended by the period of delay occasioned by any such circumstance, and services omitted shall be made or performed during such extension, or the services so omitted shall extend this Agreement for a period equal to such delay. During this period such delay shall not constitute a delay by the Consultant.
- 6.3 If a project is suspended for the convenience of the City for more than six months, or abandoned in whole or in part for the convenience of the City under any phase, the City will give written notice to the Consultant of such project abandonment or suspension. The Consultant will be compensated only for work completed prior to abandonment or suspension. The City will not be liable for stand-b7, overhead, or any other cost direct or indirect, that the Consultant may incur outside of any direct costs associated with a project. If a project is resumed after having been suspended for an excess of six months, the Consultant's further compensation may be renegotiated, but the City shall have no obligation to complete the project.

ARTICLE 7

COMPENSATION AND METHOD OF PAYMENT

- 7.1 City agrees to compensate Consultant for the services performed pursuant to the provisions of this Agreement based on the hourly rates, a copy of which is attached as **Exhibit "A"**, or as otherwise agreed to between the parties and set forth in a written amendment to this Agreement.
- 7.2 The Consultant shall submit to the City for approval, prior to actual performance, the anticipated number of hours to be expended and the personnel to be assigned to each Project. If the services are performed in accordance with the City's approved expenditure of hours and utilization of personnel, the Consultant shall be entitled to invoice for work authorizations as they are completed. The Consultant shall submit an original invoice and one copy to the City. This will be considered the official request for payment. The invoices shall include the following information:

Invoice number for each work order and date;

Amount previously billed;

Amount due this invoice.

- 7.3 The City shall pay Consultant within thirty (30) days of receipt of any invoice the total shown to be due on such invoice, provided the City has accepted the Consultant's performance.

ARTICLE 8

OWNERSHIP OF DOCUMENTS

- 8.1 All documents, design plans and specifications resulting from the professional services rendered by the Consultant under this Agreement shall be deemed the sole property of the City, and the City shall have all rights incident to the sole ownership. The reuse of any such documents, design plans, and specifications by the City or any project not covered by this Agreement without the written authorization of Consultant shall be at City's sole risk. Consultant agrees that all documents maintained and generated pursuant to this contractual relationship between City and Consultant shall be subject to all provisions of Chapter 119.01 et. seq. Florida Statutes.
- 8.2 The Consultant shall agree to indemnify and hold harmless the City, from liabilities, damages, losses, and costs, including but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Consultant and other persons employed or utilized by the Consultant.

ARTICLE 9

- 9.1 This Agreement shall obligate the Consultant to prepare for and appear in litigation or any other proceeding on behalf of the City for any dispute arising out of this Agreement. Except for litigation caused by errors or omissions of the Consultant, Consultant shall be compensated for such litigation support services at its prevailing rates for such services.
- 9.2 The Consultant shall confer with the City during the performance of the Services regarding the interpretation of this Agreement, the correction of errors and omissions, the preparation of any necessary revisions to correct errors and omissions or the clarification of service requirements, all without compensation.

ARTICLE 10

The Consultant shall also be responsible for all damages resulting from the Consultant's documents. Payment in full by the City for services performed does not constitute a waiver of this representation.
- 10.4 All services performed by the Consultant shall be to the satisfaction of the City. In cases of disagreement or ambiguity, the City shall decide all questions, difficulties and disputes of whatever nature that may arise under this Agreement. All disputes will be decided by a court of competent jurisdiction.

For breach or violation of this representation, the City shall have the right to cancel this Agreement without liability to the Consultant or any third party. Execution of this Agreement by Consultant shall act as the execution of a truth-in-negotiation certificate certifying that wage rates and costs used to determine the compensation provided for in this Agreement are accurate, complete, and current as of the date of this Agreement
